Pinot Noir

SINGLE VINEYARD SERIES

Hirsch Vineyards 2008 Edition

Gothic Wine is proud to announce the initial release of its Single Vineyard Series with Hirsch Vineyards on the Sonoma Coast. The Gothic Single Vineyard Series is a limited edition collection of cuvees produced in partnership with unique and respected vintners to produce premium wines in small quantities. For the first special of this series, we are thrilled to have worked with the Hirsch family and winemaker Ross Cobb to produce our 2008 cuvee from their estate vineyards on the Sonoma Coast. Perched on the edge of the San Andreas fault overlooking the Pacific Ocean, Hirsch Vineyards, has been a pioneer of the Sonoma Coast terroir since its founding in 1980. The 2008 vintage was a tumultuous mixture of a calm and beautiful spring followed by a hot and dry summer that sparked wildfires in the foothills further inland. Out of this melee of diverse growing conditions, came a deep and profound wine that expresses both the smoke-filled hardships of the mountain valleys and the blessings of the cool coastal winds – a true Gothic Wine.

This limited series production is restricted to 100 cases.
